End of a White Cap Case. Wanton Neb., June 3: - Special to Tun Ben. -What has become known as the "Marietta White Cap case" came to an abrupt termination today. This is the case where a large number of the best cituens were arrested charged with an assault with intent to said T. J. Freedand a sewing mathine agent. Freedand had gone into the netgriborhood and had made his home at the residence of one of the farmers in that younby year had allowated the affections of the farmer's wife and was charged with living in an unlawful state with her against the wishes and beyond the power of the farmer the explesand they went there are night in the month of April with 4 succept of tar and a bag of feathers with the intention of right-line me feative sewing machine agent a traveling suit. In the meice that followed Freeland was beaten over the head and his manly beauty was badly demoralized. For this

the case was dismissed for want of present-Since the case has been pending the wife of the farmer has departed and when sile went took with her the clothing and other effects of the sewing machine agent, and the igent departed about the same time for parts unknown, and the general supposition is that he and the culty wife are living to bether where the White Caps will not dis ris them in their unlawful biles.

nine of the roung men were arrested. On

LIVELY ROW AMONG SOCIETY SOLDIERS.

Charges of Discrimination in Making Assignments-Captain Weight's Appeal- tep Toward Embarge on linmigration.

> WASHINGTON BUREAU THE BEE,) 513 Formentura States, Washington, D. C., June L.

The commission appointed by the president, under authority of congress to visit the Sloux Indians in the Dakotis and determine, among other things, the boundary lines between the Pine Ridge and Rosenud agencies, and inches the Lawre Brokes to take lands in severalty south of the White river, left Washington today and will meet in Chicago tomorrow for organization, after which it will proceed to its field of duty.

This commission is one of the strongest ever sent out into the Indian country, and it is expected that it will take into consideration some questions other than those properly assigned to it under the recent act of congress, among other things the question of branch of this tripe in Montana and another in South Dakota. The dominission is made up of men peculiarly well ditted for the work which it will undertake. All of the men are experienced in public affairs and are familiarwith Indian questions.

At the need of the commission is Mr. Charles E. Pearce, appointed from St. Louis. Mr. Pearce is about fifty-five years of age | ington, D. C., on that they and that the interand a lawyer of considerable emisence. He has accumulated a large amount of money by gestions have been made on the part of the the practice of his profession. He has been a warm personal friend of Secretary Noole for many years. Mr. Pearce served during the entire war with the rank of major and rendered valuable service. He has been interested in the national guard of Missouri such offers of them will be producted to the a considerable extent for several years. Mr. Pearce has had a great deal of experience in legislative affairs, and was very active during the last congress in securing the duties as they were fixed on binding twine. etc., he being largely interested in that ous-

virtue of seniority is Mr. A. R. Appleman, appointed from Columbus, O. Mr. Appleman was born in Hagerstown, Md., but has Sovernor Sheppard's reign, and it is under Latterly Mr. Appleman has become inter ested in the manufacture of agricultural immements, being at the head of a company

having its headquarters at Commb. s.

The third and next member of the commission is Mr. George H. Harries, appointed from Washington, D. C. Mr. Harries is about thirty-five years did, and is a thoroughbred Welchman. He is as straight and the area of the commission of the commissio ithe as an Indian and has passed much of his life in the far northwest among the savures. He is a typical frontiersman, and not only is familiar with all questions affecting the great cortawest, but is in sympathy with the settlers. Mr. Harries is a trained journalist of the highest order. He can a frontier newspaper for several years before omigrating to Washington where he has won for himself a wide and envisible reputation. Mr. Harries was selected upon his merits. Doring the ballest of the Stery. his merits. During the notiest of the Sioux war last winter he went to Pine Raige for the Evening Star of this city, and distinguished himself not only for the brilliant or the breadth of vision he evinces andling the aftermath of that war. Mr. Harries wrote a large number of illustrated articles for the Star which attracted not only the attention of congress and the army, and persons interested in Indian ques-tions throughout the country. He was frequently called to the war department by Secretary Proctor and General Schoffeld for consultation respecting the terminating work of the Sloax war and as to the movements of the army, or that por-tion of it located where the outbreak was most serious. Mr. Hurries is a pright man-

The stenographer of the commission is Mr. man man of excellent camunities, who was

es upon his merits. The commission expects to be absent from Washington until September, and will not only thoroughly investigate the extraneous questions affecting the allottment of lands in severalty to the Sioux; determining the boundary lines between Pine Ridge and Rosebud, and locating the Lower Brules, but referred to it by the secretary of the interior

SOCIETY SOLDIERS QUARRELLING.

A lively little row is going on in army cir-

cles growing out of an assignment under Colonel Guy Henry. It is charged that again the line has been drawn against a volunteer officer to favor a West Pointer. From time o time for many years there has been grouple in the army growing out of this puestion. Officers from West Point have won their commissions during the late was nd were appointed from private life in 1867 rtunute as to be equested as soldiers at the government academy and at public expense. Each time, however, the charge has been be ned but now one volunteer officer makes cavalry was recently, as a reward for ties in recent campaigns, assigned with some colored troops to Fort Meyer, Va., jus across the Potomac from this city, he was asked to recommend his staff officers and he selected every one of them the list of West Pointers, but the line of assignment and asked that in his place a West Point graduate, (Jupital) Hughes, be assigned to this post for the reaon that the former was not a graduate. Can tain Wright distinguished himself so in the recent Sloux war that he was gratulated by his superior officers. C Wright was appointed to the regular form this city on account of services during charge of the recruiting station. He imme-lately appealed to General Schoffeld, then

locating the Cheyennes, there being a Secretary Foster Says They Will Be Redeemed at Maturity.

> Washington, June 2.-Notice has been given by Secretary Poster that the principal and accrued interest on the 414 per cost and January 20, 1871, as may be outstanding September 1, 1801, will be paid at the treasary of the United States in the city of Washest on said bonds will then cease. Surholders of some of these bonds of a desire to fight to exempt such bonds from this call added to the call made today is made more us a matter of precedence than of necessity. The treasury department, it is said, abundantly sole to pay all of the \$51.000.00 for per cents outstanding, but in view of the uncertainty of future receipts and expendi-tures it is judged better to take the side of safety. The secretary not only be teves that he has ample means to defray at ent administration. One of the purposes oggesting an opportunity to extend the ma-uring loan at a nominal rate of luterest is the desire to avoid the enforced retirement of a part of all of the \$23,000,000 national back circulation now secured by 4-4 per cent CYCLONE IN SOUTH DIROTAL

Three People Killed at Waverly-Dumage Enknown.

WATERTOWN, S. De, June 4-This . Sernoon about 3:30 a small, dark, funnei-shaped cloud suddenly appeared in the south and soon developed into a hurricane. It appeared close to the ground, and in its whirling me evelone. The roar which accommunied it was like a hugh snapping and craculing, sucking up in its on ward course everything that came in to path.

Fortunately it struck the city on the extreme eastern line, where the buildings were scattered, and the whole city is thankful to-

light that it came no nearer. Six barns were demolished. The path of the storm was only about one hundred feet wide, and it was miraculous that not a single house within the city limits was in its way. into the air and sent sprawling to the carsa. wagons were taken up bodfly and broken to

Five miles northeast of nere two houses and three barns were literally carried away. The deoris from the storm as it left this situation

spread along its fine for nearly a mile.

At Wavery, twelve miles northeast, two
roal sheds were rained and a brick somkestack of the Rolls r mais was flattened to the ground. O. P. Chandler and his son were in ne of the barns when the storm struck

hey were only slightly logured.
Three people were silled at Hazel, sixteen mid to have been very severe in that vicinit o other fatalities have yet been heard of neavy rain and half followed the storm Watertown's first cyclone experi-

ence and many of the people were greatly frightened. The damage to property cannot be correctly estimated until the country parshes have been heard from.

BID STORM.

Over Half the United States Simul-

taneously Covered with Water. Courses, June 2. - Over ball the United States was simultaneously govered with water tonight and the edge of the areat and vas laid ragged with a systone. The condion of telegraph wires north, south, east and west from this city showed a state of nifeirs setdom if ever equaled. Sending rains wore progress accompanied by driving winds. New York on one side, to New Orleans or to saw for a minimum series of the sther stretching beyond St. Paul and Minnespells in the north and in the west for a intefinite distance. Milwanaee reported the worst electrical disturbances on record, make ng telegraph or telephone communication hat a cyclone had recared the country about Watertown raised the question if there had not been serious loss of life and property in the district temporarily isolated.

SCHEME TO MAKE A DEMOGRAT JULGE.

So-Called State Bar Association to Be Enlarged for the Purpose-Burrows-Powers-Thaver Interview-Gere's Dilemma.

Lexenus, Neb., June 2 - Special Correspondence of The Birt -I uncarried last hight what I firmly believe to be the place of campanes of the railroad game in this state on the supreme court judgeship this year. Certain atheries, actmig on the interest of the rang, have been dirocted to proceed at once to brawnes the State Bar association on a more extenive scale than that now in force, which is more or less imperative. After a great deal has been quietly done, the ore is to be raised that we should have a "hon-partiess bench 'and that now is the accentres time to act. A call will be bested, and an early one has been suggested, for & meeting of the Bar association, which latter will assemble of bourse and by a pre-arunced man neminate a democratic lawyer

This plan has been confirmed in a canvass. among a few attorneys whom I know to re-

Best the B. & M. sentiments.

Requiring the Powers and Burrows meeting with Theyer I learn that the alber intended them to risk him and that horning the lateralesy be devoted the whole line to assuring them that he was been friend and that he may ready to crow it in them in my way that they might see at to call upon

Burrows then asked him whether he inended to call an extra session or not.
Thayer replied by saying that was one

Burrows said that the demand for an extra nd for that reason his people were not in Thayer acquiesced and assured his visitors

Thayer then asked Burrows and Powers they had not one whom they would like to have appointed deputy labor com-missioner, and in the same broath uscest if Mr. Powers would not like the place himself. Both replied in ne negative, but said that possibly they night, at no distant say, present a name. It

s runored that they may possibly hand in Jech's name for the place. Thayer is giving it but "cold" on the one man in the state, while on the other hand, disson, Mosher and the rest of the gang say no win to just what they want him to do. orrows and Powers have said that Thaver

By way of comment, Judge Conb will not red quite so finniy when he discovers that he sentence he prescutneed against the re-

published party will result in a movement to put a democrat in his place.

Joe Bedman of Omaha wants to be one of the six commissioners to the world's fair and it is chalmed that Thayer has also asked Surrows and Pawers to name the men called or under the world's fair bill for

ioners from their party. It is claimed also that they have agreed to do so.

I find a big fight going on among the board. of regents as to who should be made chan-cellor at their next meeting. The principal light is between I. Charles Rednath of Indiuna, and Lieutemant E. S. Lindley of the reg-illar army, now at Fort Leavenworth, form-Regents Gere and Burnham, it is said, will ceilor smill be \$4,000 per year. It is also rumored that Judge Cono has been or will be offered the position. in Gers ought to be shut out-and the ection of the state.
